

International Center of Education

For the Advancement of Silicone Prosthetics

7-10 June 2016

Orbital Prosthesis Course

\$1800

Four day extensive course which will involve the creation of a magnet retained orbital prosthesis. The course will cover implant planning, magnetic retention, silicone and colour technologies.

*****SPECIAL OFFER*****

Attend the IAA one-day Technovent pre-conference Workshop and receive 25% off the ICE Orbital Prosthesis Course Fee.

Orbital Prosthesis Course

This four day course is designed for those who have already attended the basic course or for experienced prosthetists. The course is fully hands on with models and will involve the creation of a magnet retained orbital prosthesis. The course will cover nasal orbital and compound defects including implant planning, silicone and colour technologies.

Day 1

Introduction - *Instructor (lecture)*
Orbital, Nasal and multi defects - *Instructor (lecture)*
Implant Planning - *Instructor (lecture)*
Carving and sculpting the face - *Instructor*
Impression taking - *Instructor*
Impression taking and model creation - *Participants*

Base plate creation - *Instructor*
Base plate creation - *Participants*
The Magnacap system - *Instructor (lecture)*
Positioning the IPU - *Instructor*
Carving the Prosthesis - *Instructor*

Q and A

Day 2

Positioning the IPU - *Participants*
Carving the Prosthesis - *Participants*

Prep for Moulding the orbital - *Instructor*
Moulding the orbital - *Instructor*
Prep for Moulding the orbital - *Participants*
Moulding the orbital - *Participants*
Silicone technology - *Instructor (lecture)*
Q and A

Day 3

Colour matching theory - *Instructor (lecture)*

Colour matching the orbital - *Instructor*

Colour matching the orbital - *Participants*

Processing of silicone moulds - *Participants*

Q and A

Day 4

De-flasking and preparation for fitting - *Instructor*

Extrinsic colouration techniques - *Instructor*

De-flasking and preparation for fitting - *Participants*

Extrinsic colouration- Extrinsic colouration-*Participants*

Insertion of eyelashes and eyebrows - *Instructor*

Insertion of eyelashes and eyebrows - *Participants*

Final fitting of prosthesis - *Instructor*

Final fitting of prosthesis - *Participants*

Q and A
