

International Anaplastology Association Trial Membership Promotion

In connection with the **International Anaplastology Conference August 26-29, 2015 in Rio De Janeiro, Brazil**, the IAA is offering a trial membership. The trial membership offers the following benefits:

- Subscription to the IAA Electronic Newsletter
- Reduced registration fees at the IAA Annual Conference and training courses
- 25% off non-member registration rate for training Webinars

Fee: \$100 USD

Qualifications:

- New members
- Members whose membership has been inactive for 3 years

Specifications:

The membership lasts for only 1 year. The membership fee cannot be prorated.

Want more benefits? Consider a regular IAA membership

IAA regular memberships are \$185 USD and come with over 10 member benefits. See below for a brief list of IAA membership benefits and a comparison with Trial versus Full membership.

IAA membership offers the opportunity to belong to a dynamic organization of dedicated members from over 20 countries. The IAA is a great forum to meet colleagues, develop contacts, and make lifelong friends. Through our Newsletter and Journal, members are kept abreast of new developments in materials, methods, and information useful to members. IAA meetings provide another unique opportunity to exchange information through a series of lecture presentations, workshops and hands-on demonstrations.
