Journal of Facial and Somato Prosthetics to Suspend Publication

It is with great sadness that ABI Professional Publications announces that publication of the *Journal of Facial and Somato Prosthetics* will be suspended with the release of this issue. The journal, first published in 1995 will cease publication with this, our 18th issue. Over the course of the 10 years of publication, the journal has provided the world-wide anaplastology community with over 1100 pages of professional literature, specific to the field of anaplastology in the form of articles on technique, materials, research, patient education, and history written by top professionals from 11 nations, as well as abstracts and announcements of interest to the profession.

Over the 10 years of publication, the journal has continued to struggle to obtain enough professional articles to maintain a regular schedule of issues from a small and very diverse field. Despite repeated attempts to reach out to the profession both inside and outside the United States, our scheduling problems have continued to increase, making it difficult to obtain professional acceptance both inside and outside the field. Further, the scheduling problems made subscription sales and advertising sales increasingly difficult, until we were forced to stop all non-association subscription sales and accept advertising only from companies that understood the occasional nature of the journal's publication. As a result, despite strong editorial content and good production values, the journal was never able to cover its costs and achieve breakeven status.

This final issue will provide readers with a comprehensive index of the past 10 years. We have included the Table of Contents from each issue, an alphabetical list of all articles, an alphabetical list of all authors and their works, and an index by subject matter based on the key words provided by the authors. It is hoped that this will increase the value of the existing journals to users, and help preserve this significant and unique body of knowledge.

Finally, I would like to express my thanks for the hard work of the journal's Editor-in-Chief, Robert McKinstry, and the over 170 contributing authors who gave their time, knowledge, and effort to make the journal possible. I would also like to thank the ABI staff, especially Pat Berger and Victor Weaver for their diligent and professional efforts to make the *Journal of Facial and Somato Prosthetics* the best journal possible.

Tables of Contents
Journal of Facial and Somato Prosthetics
Volume 1 through Volume 10

Volume 1 Number 1, September 1995

- 1 Multipoint Measurement of Skin-Stretching at the Knee and Ankle
 Robert Erb
- 9 Fabrication of a Custom Polyurethane Breast Prosthesis
 Jane Otto
- 17 Wax Bolus Compensators for Use in Treating Irregular Surfaces in Radiation Therapy
 Robert McKinstry
- 23 Considerations and Modifications in Fitting and Refitting Ocular Prostheses to Hydroxyapatite
 Implants
 Patrick Boyd
- 29 A Practical Method of Bonding Silicone Elastomer to Acrylic Resin
 Jack Zolty
- 33 Extrinsic Coloring of Silicone Facial Prostheses with Alcohol and Dry Pigments
 William Clearihue
- 37 Evaluation of Optimal Age for First Auricular Prosthesis for Children with Microtia
 Julie Jordan Brown
- 47 Revision of Implant Retained Auricular Prosthesis: A Case Study
 Rick Jude, Mark Kielich

(Note: Volume 1 Number 2 was not published)

Volume 2 Number 1, February 1996

- 1 Rehabilitation of Irradiated Cancer Patients with Tissue-Integrated Prostheses: Adjunctive Use of
 Hyperbaric Oxygen to Improve Osseointegration
 Gösta Granström
- 13 The Care of Laryngectomized Patients with Individually Fitted Tracheostomy Cannulae
 Bernd Reitmeier, Annette Schmidt
- 19 Implants in Radiated Maxillas and Mandibles That Have Been Augmented and Reconstructed
 H. Schiel, CH. Besimo, B. Hammer
- 27 Prosthetic Procedures for Orbital Defects: Technique and Case Study
 Kerstin Bergström

Tables of Contents

- 37 Specific Fixation Possibilities of Maxillofacial Prostheses in Relation to the Initial Site
Claus Fritzscheier, Joachim Rings
- 43 Biomechanical Considerations for Implant-Supported Orbital Prostheses,
Bo Rangert
- 51 New Materials and Coloring Techniques in Epithetics
Peter Bucher, Claude Jaquier, Nicholas Lüscher, Joachim Prein
- 57 Anchoring Epitheses with IMZ Implants
J. Neugebauer, P. Federspil, M. Schedler, N. Schilling

Volume 2 Number 2, August 1996

- 77 Analysis of Bond Strength Between A2186™ Silicone and PMMA in Osseointegrated Implant-Retained Facial Prosthetic Applications
J. Woronuk, J. Wolfaardt, G. Faulkner, B. Pinchbeck
- 85 Spectrophotometry and Formulations for Coloring Facial Prosthetic Silicone Elastomer: A Pilot Clinical Trial
R. Troppman, J. Wolfaardt, M. Grace, A. James
- 93 Fabrication of a Custom Ocular Moisture Chamber
I. Healey, L. deGroot
- 99 A Retrospective Study on the Effects of Chemotherapy on Osseointegration
J. Wolfaardt, G. Granström, B. Friberg, N. Jha, A. Tjellström
- 109 Custom Ocular Impression Trays
B. J. Miller
- 115 Two United States Presidents and Their Treatment for Oral Cancer,
Robert McKinstry

Eric Asher, John Evans, Robert Wright
- 95 Artificial Movement as Applied to Prostheses of the Orbit: A Literature Review
Ernesto Miranda, Susan Habakuk
- 109 Using Commercial Nail Tips in the Fabrication of Digital and Hand Prostheses
Jane Bahor

Volume 7 Number 1, November 2001

- 1 Use of Toe Ring to Aid in Retention of a Prosthetic Toe
Stephen Alfano, Robert Taft, Alfred Sawyer
- 7 Visible Light-Cured Resin as a Mold material for Intranasal Radiation Shields
Robert McKinstry
- 70 *The Journal of Facial & Somato Prosthetics*

- 15 A Timeline for Medpor Implant and Peg Procedure
Barbara Spohn-Lillo
- 21 Effect of Water Soak on Bond of Silicone to Primed Polyurethane
Hong-Ying Deng, Samuel Zwetchkenbaum
- 27 Creating a Silicone Appliance for Special Effects in a Condensation Tin Cure Elastomer
John McFall, David Trainer
- 39 Developments in Artificial Limb Prosthetics from Antiquity to World War I: A Chronology
Robert McKinstry

(Note: Volume 7 Number 2 was not published)

Volume 8 Number 1, June 2002

- 1 Simple Two-Piece Mold-Making Technique for Orbital Prostheses
Nyeema A. Morgan, Eric S. Asher
- 9 Principles of Fixation Methods with Minimagnets
Gerolf Gehl
- 21 Diagnosis and Treatment of Latex Allergy
Richard Edlich, Freddie Williams
- 31 Fabrication of Cranial Implants Using Fused Deposition Modeling Technology
Steven G. Alfano, Robert M. Taft, Robert Robinson
- 37 Mirror Image Twins Discordant for Hypodontia: A Case Report
Robert E. McKinstry

Volume 8 Number2, Fall 2002

- 65 A Nonsurgical Approach for Magnetic Attachment of Prosthetic Ears

FUNDAMENTALS
OF FACIAL
PROSTHETICS

Robert E. McKinstry,
D.M.D., M.D.S., M.A.

- 224 pages ■ Over 300 illustrations ■ 8½ × 11 ■ Hardcover ■ ISBN 1-886236-00-3
- Acid Free Paper ■ \$95.00

FUNDAMENTALS OF FACIAL PROSTHETICS is a timely and complete guide to the field of facial reconstruction. It provides essential "how-to" information on facial prosthetic rehabilitation for professionals in the medical, dental, and ancillary health care fields involved in prescribing, fabricating, or placing a facial prosthesis for patients who have lost a portion of their face through surgical removal secondary to cancer, birth defects, or from trauma.

The book is organized into 15 chapters written by leading authorities from the fields of maxillofacial prosthodontics, facial prosthetics, dental technology, psychology, and commercial facial prosthetic material development. In addition to the "how-to" type of information, scientific and historical material are provided for the academic dental, and medical or ancillary health care provider.

*Professional Books,
Journals, and
Electronic Media*

Dr. Robert E. McKinstry, D.M.D., M.D.S., M.A., is currently the Director of the Shadyside Maxillofacial and Cleft Palate Prosthetics Center in Pittsburgh, PA. He is the former Director of the Regional Center for Maxillofacial Prosthetic Rehabilitation as well as the former Director of the Graduate Maxillofacial Prosthodontic Residency at The Eye and Ear Hospital, The University of Pittsburgh School of Dental Medicine. He has also taught at Emory University School of Dentistry and at the University of North Carolina School of Dentistry.

Contributing Authors

Contributing authors are recognized experts from the various specialties involved in facial prosthetics. They are: **Adrienne Alison**, B.Sc., A.A.M., Head and Neck Prosthetist and Medical Artist. **Raymond Allen**, Maxillofacial Prosthetist and Ocularist; Manager Prosthetics, British Columbia Cancer Control Agency. **Lawrence Cerullo**, Ocularist and Anaplastologist; Instructor, Philadelphia College of Optometry. **Robert A. Erb**, Ph.D., Contract Research and Development Specialist; Former research scientist, Applied Material, Franklin Research Center; Technical Director, Silicone Studio, Valley Forge, PA. **Gregory G. Gion**, B.A., B.S., Head and Neck Prosthetist. **Susan W. Habakuk**, M.Ed., Facial Prosthetist and Medical Artist; Director of Medical Artist/Maxillofacial Prosthetics Program, University of Illinois at Chicago; Director Maxillofacial Prosthetics Laboratory, University of Illinois at Chicago. **Harold L. Heller**, Vice President of Research and Development, MPS Inc., Willow Grove, PA. **Kathleen A. Kapp-Simon**, Ph.D., Pediatric Psychologist; Center for Craniofacial Anomalies, College of Medicine, University of Illinois at Chicago. **Mark Kielich**, C.D.T., Maxillofacial Prosthetist; Department of Maxillofacial Prosthetics, Roswell Park Cancer Institute, Buffalo, NY. **Elizabeth Potter-Ratzlaff**, Maxillofacial Prosthetist and Medical Artist, Maxillofacial Prosthetics Clinic, University of Illinois at Chicago; Instructor, Department of Biomedical Visualization, University of Illinois at Chicago. **Vickie A. Puopolo-Chipman**, M.P.T., A.I.M.F.T., Maxillofacial Prosthetist and Dental Technician, Department of Plastic Surgery, Brigham and Woman's Hospital, Boston, MA. **Camille A. Rea**, M.A.M.S., Maxillofacial Prosthetist and Medical Illustrator, Maxillofacial Prosthetics Center, University of Illinois at Chicago. **Norman G. Schaaf**, D.D.S., F.I.C.D., Maxillofacial Prosthodontist; Head of Dentistry and Maxillofacial Prosthetics, Roswell Park Cancer Institute; Professor of Prosthodontics, State University of New York at Buffalo, School of Dental Medicine. **Thomas J. Vergo Jr.**, D.D.S., Maxillofacial Prosthodontist; Head Division of Maxillofacial Prosthetic Services, Department of Prosthodontics, Tufts University School of Dental Medicine/New England Medical Center; Professor of Prosthodontics, Tufts University School of Dental Medicine.

FUNDAMENTALS OF FACIAL PROSTHETICS

is arranged in 15 chapters, based on the various subspecialties concerned. Topics included are:

- Psychological Approaches to Patient Management
- Facial Anatomy and Proportions
- Retention and Facial Prostheses
- Impressions for Facial Prostheses
- Principles of Facial Sculpting
- Mold Making
- Facial Materials
- Ocular Prostheses
- Orbital Prostheses
- Nasal Prostheses
- Auricular Prostheses
- Intrinsic and Extrinsic Coloration of Prostheses
- Implant-Retained Facial Prostheses
- Digital Prostheses
- Care and Maintenance of Facial Prostheses

JOURNAL OF OPHTHALMIC PROSTHETICS

ISSN 1091-2983 Annual 8 x 11, Illustrated
Annual Subscription: US\$30.00(1yr), North America; US\$40.00(1yr), Overseas

The *Journal of Ophthalmic Prosthetics* provides a forum for the publication of original articles containing clinical and research information for professionals who serve patients that have suffered eye loss. The primary emphasis is on ocularistry – the science, art, and craft of making artificial eyes. Additional areas of interest include articles from related professions involved in the goal of rehabilitating the anophthalmic patient, including ophthalmic plastic surgery, patient counseling, anaplastology, and optics. Articles may relate to current or historical information concerning techniques, materials, and procedures that have a clinical application. The *Journal of Ophthalmic Prosthetics* is published in conjunction with the American Society of Ocularists
